

# CHRISTMAS MUSIC VIDEO PROJECT

Visit the following website and find an appropriate children's song:

<http://www.alittlechristmasmagic.com/kmp3x.html>

Keep in mind when listening that you are looking for a song that will allow you to use lots of different clipart and motion. You can use both animated and just regular clipart for this project.

## Requirements:

- \* You must use the entire song. If you are concerned about coming up with enough, then I suggest you get a shorter song
- \* You must add lots of motion (appropriate motion, though.. if an animal is jumping, either find an animated GIF of that animal jumping or add custom animation to make it jump)
- \* You must include some animated graphics
  - Some sites that might be useful--
  - <http://www.animatedgif.net/seasonal/xmas/xmas.shtml>
  - <http://toons.artie.com/christmas/>
- \* You must add some motion paths
- \* You must use varying speeds for motion (some very slow, some very fast, etc.)
- \* Presentation must look like a cartoon, not a business presentation (no fancy backgrounds, etc.); be sure to set your scene (if it is outside, be sure to have some trees, a house, or whatever, to depict your scene)
- \* Use appropriate clipart to make the "scene"; must be high quality and not fuzzy

Requirements	Points Possible	Deduction
Located song from the website and saved as MP3	10	
Song is at least 2 minutes in length	20	
Looks "cartoonish"	50	
Setting is obvious; clipart is used to show scene	20	
Custom animation is used appropriately--some entrance, some emphasis, and some exit <b>NOTE--Where (list)</b>	30	
At least two custom motion paths are created and used <b>NOTE-- Where (list)</b>	10	
Some animation is set to appear "with" other animation so motion is occurring in more than one place at the same time <b>NOTE-- Where (list)</b>	10	
Appropriate, high quality clipart is used; no blurry art	30	
Animated GIFs are used (candles, Christmas lights, etc.) <b>NOTE-- Where (list)</b>	10	
Project is fast moving... lots of action	20	
Different angles are used (zoom in, zoom out, to make cartoon appear more "real")	20	
Runs automatically and timings are correct for song	10	
Turned in by due date	10	
<b>TOTAL</b>	<b>250</b>
